RE: 8920-PKP

KENT-FM, Odessa, TX  
BLH-910705KA

Dear Mr. Greenberg,

In response to your letter of January 27, 1992, I have discovered that the original tower height specified in BMPED-880308MI was in fact correct. The actual tower height is 158.2 meters above ground level. Rounded off to the nearest whole meter the height should be 158 meters.

Therefore I am enclosing an amendment to correct this error.

Sincerely yours,

  
T. Kent Atkins

xc: James L. Oyster

**Amendment**

The application for license of Southwest Educational Media foundation of Texas, (BLH-910705KA) for a new non-commercial educational FM station to serve Odessa, Texas, is hereby amended to specify the tower height as 158 meters.

All of the information is hereby submitted in good faith and is believed to be true, accurate.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "T. Kent Atkins", written over a horizontal line.

T. Kent Atkins, President  
Southwest Educational Media  
Foundation of Texas, Inc.
